MigrateFAST

Effortlessly migrate reports from Tableau to Power BI with our AI-powered toolkit.

4-Step Migration Process:

Metadata Extraction

Extracts metadata from workbook, including tables, columns, measures, calculations, and table relationships.

Identify Complexity and Report Similarity

Evaluates data sources, worksheets, LOD and measure calculations, and parameters to assess report complexity and identify similar reports.

Convert LOD measures to DAX

Transforms LOD measures into optimized DAX alternatives.

Data Model Creation

Builds Power BI data model using extracted metadata.

Benefits

Minimize the costs associated with the migration process.

Reduce the time and resources required to migrate reports.

Preserve the quality and accuracy of your migrated reports.

Seamlessly migrate a large volume of reports from Tableau to Power BI.

Outcomes

30% cost reduction in migration expenses.

40% faster deployment of reports to market.

25% reduction in platform operation and maintenance cost.

Reduce the time required for project planning from months to weeks.

About Us

MAQ Software delivers innovative software solutions to Fortune 500 companies, employing agile engineering techniques to accelerate initiatives. These solutions empower customers to drive transformative changes across various industries such as technology, retail, energy, and healthcare.

Our expertise includes Data Analytics, Artificial Intelligence (AI), Machine Learning (ML), Data Modernization, Reporting & Visualization, Business Applications, Modern Apps, and Cloud Services. This focused expertise enables clients to build stronger customer relationships, drive sales, and identify new opportunities.

As a Microsoft Premier Supplier and Solution Partner for over 2 decades, Microsoft honored us as the Microsoft Power BI Partner of the Year in 2021 and awarded us with 7 specializations—a feat only a few of the Microsoft Partners have accomplished. Companies must pass rigorous evaluations and assessments for each specialization awarded, serving as a testament to our expertise.

Why choose MAQ Software?

Expertise
Our certified Power BI experts have extensive experience in data migration and visualization.

Smooth Transition
We ensure a seamless transition from Tableau to Power BI, minimizing disruptions.

Custom Solutions
Tailored migration strategies to meet your specific business needs.

Data Security
We prioritize the security and privacy of your data during the migration process.

Training
Comprehensive training for your team to maximize their Power BI skills.

Our Power BI Tools

Explore our suite of Power BI tools designed to supercharge your analytics:

LoadFAST	Capture the Page Load Time of individual components in a Power BI report.
Export to PPT	Export visuals in Power BI workspaces to create business review decks, handouts, and worksheets effortlessly.
ALM Toolkit	Compare data models between two Power BI reports with ease.
Dr. Power BI	Gain intelligent insights on visual layout and report performance with our purpose-built tool.
Security Review Tool	Audit user access across the data model, Power BI, Power Apps, security groups, and more, ensuring compliance and security.
